**Why:**

The Town of Mount Hope Comprehensive Plan Update Committee (CPUC) is sponsoring a Visioning Workshop on Tuesday December 13, 2016 at 7:00 PM at the Community Center (7-11 Baker Street). The Town is currently updating its comprehensive plan to address topics such as residential growth, economic development, land use, infrastructure and community character.

The purpose of this public workshop is to develop a vision and goals for the future of the Town. Building from the strengths and issues identified at our first public workshop in September, we will work together to brainstorm preliminary ideas for achieving the community's vision. These will form the basis for the draft plan that will be prepared in early 2017.

The Comprehensive Plan Update Committee was established by the Town to prepare the comprehensive plan update. The Committee's recommendations will ultimately be forwarded to the Town Board for adoption.
