PERMIT APPLICANTS

Orange County Department of Public Works now requires that the following note be placed on all drawings that involve permits that adjoin a county roadway and involve access to, drainage to, or any other services on a County road;

NO site preparation or construction shall commence until a valid entrance permit has been secured from the Orange County Department of Public Works under section 136 of the Highway Law

If this note is not present on the drawings, the application will be rejected without further review by the Building Department.
